Website: <https://amymcdonnell.github.io>

380 South 1530 East, Room 502

Salt Lake City, UT 84112

EDUCATION AND TRAINING

Postdoctoral Research Fellow

Cognitive Neuroscience, Department of Psychology
University of Utah

2023-Present

Ph.D. in Psychology, Cognitive Neuroscience

Designation in Teaching in Higher Education
University of Utah

2020-2023

M.S. in Psychology, Cognitive Neuroscience

University of Utah

2018-2020

B.S. in Psychology, Neuroscience Concentration

Minor in Faith, Peace, and Justice
Boston College

2011-2015

RESEARCH INTERESTS

I study human cognition both in the lab and in real-world, applied contexts. In one line of research, I utilize electrocardiography (ECG), scalp electroencephalography (EEG), intracranial electroencephalography (iEEG), and virtual reality (VR) to study the psychophysiological effects of immersion in nature on attention, affect, stress, and general health and well-being. In another line of research, I utilize ECG, EEG, driving simulation, and on-road, naturalistic methods to explore driver workload, arousal, and visual engagement when multitasking behind the wheel and operating autonomous vehicles. My work weaves topics in human attention and visual perception and has significant implications for areas such as public health, urban design, environmental psychology, health psychology, human factors/engineering psychology, transportation safety, and human-automation interactions. I am interested in the continued development of mobile psychophysiological methods for reliably assessing cognition in the real-world and am passionate about translating my research into tangible impact in my community.

MANUSCRIPTS UNDER REVIEW

McDonnell, A.S., LoTempio, S.B., Scott, E.E., McNay, G.D., Greenberg, K., Castro, S. C., & Strayer, D.L. (revise and resubmit). Immersion in nature decreases neural sensitivity to extrinsic reward.

McDonnell, A. S., Scott, E. E., Jecmen, D., Crabtree, K., Hopman-Droste, R. J., Walker, S. E., Coane, J. H., Strayer, D. L., & LoTempio, S. B. (under review). What type of nature experience is necessary to improve affect and working memory? A conceptual comparison of images, sounds, and VR nature.

McDonnell, A. S. & Strayer, D. L. (under review). The influence of a walk in nature on human resting brain activity: A randomized controlled trial.

Mahmoodzadeh, M., Sunil, S., Pillai, P., Biondi, F., Strayer, D. L., Cooper, J. M., **McDonnell, A. S.**, Balasingam, B. (under review). Temporal modeling of cognitive workload during manual and partial driving automation levels based on the ISO detection response task.

Scott, E. E., **McDonnell, A. S.**, LoTempio, S. B., McNay, G. D., Greenberg, K., Castro, S. C., & Strayer, D. L. (under review). Prolonged immersion in nature modulates neural correlates of working memory.

MANUSCRIPTS IN PREPARATION

McDonnell, A. S., Scott, E.E., LoTempio, S.L., Stefanucci, J.K., & Strayer, D.L. (In preparation). Nature and the brain: Attention, affect, and the integrative role of the anterior cingulate cortex.

McDonnell, A. S., Lee, J., & Strayer, D.L. (In preparation). Cognitive considerations in human-automation interactions.

LoTempio, S. B., McKinney, T. L., Scott E. E., **McDonnell, A. S.**, Castro, S. C., McNay, G. D., Greenberg, K., Euler, M., Payne, B. R., & Strayer D. L. (In preparation). A natural boost to cognitive control: Nature exposure as a potential modulator of the anterior N2 component and medial frontal theta.

GRANTS AND FELLOWSHIPS

Funded:

REI Cooperative Action Fund (2024-2026) – \$47,752

Utilizing deep brain recordings to uncover nature's health potential for nature-deprived individuals. **Role: Co-Principal Investigator**

One Utah Data Science Hub Seed Grant (2024-2025) – University of Utah, \$41,206

Modeling the effect of artificial nature exposure on brain health in bed-bound populations using variational autoencoders. **Role: Co-Investigator**

Research Incentive Seed Grant (2024-2025) – University of Utah, \$20,000

Exploring the utility of virtual reality nature as a therapeutic intervention for neurosurgical patients in a hospital setting. **Role: Co-Principal Investigator**

Community Based Research: Partnership Formation Grant (2023-2024) – University of Utah, \$7,470

Exploring the impact of immersion in nature on the health and well-being of the Pasifika community in Salt Lake County, **Role: Co-Principal Investigator**

Graduate Research Fellowship (2022-2023), University of Utah, \$20,108

Exploring neural correlates of attention restoration in nature, **Role: Principal Investigator**

Under review:

Wellcome Mental Health Award (2025-2030)

Investigating the intracranial neural computations of risk and reward related to anhedonia, **Role: Co-Investigator**

Not funded:

Influence of Roadside Assistance Vehicle Lighting on Driver Behavior and Safety, AAA Foundation for Traffic Safety, Role: Co-Investigator (2023)

Bridging the Gap: Examining the neural correlates of cognitive control, utilizing invasive and non-invasive electroencephalographic techniques, One Utah Data Science Hub Pilot Seed Grant, Role: Co-Investigator (2022)

From the Lab to the Highway: A New Method for Detecting Lapses in Attention While Driving, Fulbright U.S. Scholar Program, Role: Principal Investigator (2021)

Co-registration of pupillometry and EEG to assess the influence of nature imagery on emotional response, NSF Graduate Research Fellowship Program (GRFP), Role: Principal Investigator (2019)

HONORS AND AWARDS

Poster Winner , Residents/Fellows Category at Mental Health, Brain & Behavioral Science Research Day	2023
Postdoctoral Conference Award , University of Utah, Postdoc Affairs, \$1,000	2023
The Frederick T. Rhodewalt Award for Innovative Scholarship , University of Utah, \$1,000	2023
Utah Public Health Conference Scholarship , Utah Public Health Association, \$300	2023
Commendation for Research , University of Utah, Department of Psychology	2023
Professional Development Award , University of Utah, Cognition and Neural Sciences, \$500	2022
B. Jack White Award , University of Utah, Department of Psychology, \$1,250	2022
Clayton Award for Research Excellence , University of Utah, Department of Psychology, \$2,700	2022
Teaching in Higher Education Designation , University of Utah, Center for Teaching and Learning Excellence	2022
Graduate Student Conference Award , University of Utah, The Graduate School, \$1,000	2022

Virtual Conference Award , University of Utah, The Graduate School, \$200	2021
Commendation for Service , University of Utah, Department of Psychology	2021
Professional Development Award , University of Utah, Cognition and Neural Sciences, \$500	2020
Qualifying Exams—Pass with Distinction , University of Utah, Department of Psychology	2020
Commendation for Research , University of Utah, Department of Psychology	2020
Commendation for Teaching , University of Utah, Department of Psychology	2020
Undergraduate Research Mentorship Certificate , University of Utah, Office of Undergraduate Research	2020
SHIFT Award—Applied Cognition Lab , SHIFT Conference	2019
Emerging Leaders Program Fellow , SHIFT Conference	2019

RESEARCH EXPERIENCE

University of Utah – Applied Cognition Lab , Salt Lake City, UT <i>Postdoctoral Research Fellow</i> Advisor: David Strayer, Ph.D.	2023-Present
University of Utah – Immersive Neuromodulation and Neuroimaging Lab , Salt Lake City, UT <i>Postdoctoral Research Fellow</i> Advisor: Cory Inman, Ph.D.	2023-Present
University of Utah – Applied Cognition Lab , Salt Lake City, UT <i>Graduate Student</i> Advisor: David Strayer, Ph.D.	2018-2023
Red Scientific , Salt Lake City, UT <i>Statistical Consultant</i> Supervisor: Joel Cooper, Ph.D.	2020-2021
Didi Hirsch Mental Health Services , Los Angeles, CA <i>Clinical Research Assistant</i> Supervisors: Lisa Davis, Ph.D. and Sae Lee, Ph.D.	2015-2017
Boston College – Department of Psychology , Chestnut Hill, MA <i>Research Assistant</i> Advisor: Ann Burgess, D.N.Sc., RNCS, FAAN	2014-2015

TEACHING EXPERIENCE

INSTRUCTOR

Cognition in the Wild , OSHER Lifelong Learning Institute, University of Utah, Salt Lake City, UT	Spring 2024
PSY4130 Cognition in the Wild , University of Utah, Salt Lake City, UT	Fall 2023
PSY4130 Cognition in the Wild , University of Utah, Salt Lake City, UT	Spring 2022
PSY4130 Cognition in the Wild , University of Utah, Salt Lake City, UT	Spring 2020

TEACHING ASSISTANT

Introduction to Psychology , Utah State Prison, Draper, UT	Summer 2021
PSY3960 Data Science for Psychology Majors , University of Utah, Salt Lake City, UT	Spring 2021
PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	Fall 2019
PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	Fall 2020
PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	Fall 2021
PSY3711 Brain and Behavior , University of Utah, Salt Lake City, UT	Summer 2019

GUEST LECTURES

PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	February 2024
PSY6700 Neuropsychology , University of Utah, Salt Lake City, UT	September 2023

PSY4010 Biological Psychology , Vermont State University, VT	March 2023
PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	February 2023
STAT6003 Survey of Statistical Packages , University of Utah, Salt Lake City, UT	February 2022
PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	November 2021
PSY3960 Data Science for Psychology Majors , University of Utah, Salt Lake City, UT	April 2021
PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	October 2020
PSY2100 Cognitive Psychology , University of Utah, Salt Lake City, UT	September 2019
PSY2010 Psychology as a Science and Profession , University of Utah, Salt Lake City, UT	July 2019
PSY4130 Cognition in the Wild , University of Utah, Salt Lake City, UT	March 2019

INVITED TALKS

Vancouver Botanical Gardens Association , Vancouver, BC, Canada	scheduled January 2025
Title: <i>This is your brain on nature: The influence of exposure to natural environments on cognition</i>	
American Public Gardens Association: Education Symposium , Salt Lake City, UT	August 2024
<i>Keynote Speaker</i>	
Title: <i>This is your brain on nature: The influence of exposure to natural environments on cognition</i>	
Hydrow , Boston, MA	May 2024
Title: <i>Nature, Cognition, and the Brain</i>	
Red Butte Garden , Salt Lake City, UT	February 2024
Title: <i>Environmental Neuroscience at Red Butte Garden</i>	
Macquarie University , Sydney, Australia	April 2023
Title: <i>Nature on the Brain</i> , Perception in Action Research Centre	
Southern Utah Wilderness Alliance , Salt Lake City, UT	April 2020
Title: <i>Nature in the Time of COVID-19</i>	
Emerging Leaders Program for the SHIFT Conference , Jackson, WY	October 2019
Title: <i>Outdoor Recreation and Health</i>	
Boston College TED Talks: Undergraduate Lecture Series , Chestnut Hill, MA	April 2015
Title: <i>How Neuroscience Can Save the Crisis in America's Prisons</i>	

CONFERENCE PRESENTATIONS

SYMPOSIA

- McDonnell, A. S.**, LoTempio, S. B., Scott, E. E., Strayer, D. L. (April 2024). This is your brain on nature: The influence of exposure to natural environments on attention. Oral presentation at the 2024 Rocky Mountain Psychological Association Convention in Denver, Colorado.
- McDonnell, A. S.** & Strayer, D. L. (April 2023). This is your brain on nature: The influence of exposure to natural environments on cognition and mental health. Oral presentation at the 2023 Utah Public Health Conference in Salt Lake City, Utah.
- McDonnell, A. S.**, Cooper, J. M., & Strayer, D.L. (October 2021). Assessing visual engagement during partial automation. Oral presentation at the 7th International Conference on Driver Distraction and Inattention in Lyon, France.
- McDonnell, A. S.** & Strayer, D. L. (October 2021). Neurophysiological Effects of Exposure to Nature: Attention, Affect, And Integrative Role of the Anterior Cingulate Cortex. Oral presentation at the Nature and Health Conference in Seattle, Washington.

POSTER PRESENTATIONS

*Undergraduate researcher mentee

McDonnell, A. S. & Strayer, D. L. (September 2024). Immersion in nature enhances mood and executive attention. Poster presentation at the 2023 Mental Health, Brain and Behavioral Science Research Day at the University of Utah.

Lang, W.*, Landvatter, J., Strayer, D. L., & **McDonnell, A. S.** (August 2024). The impact of cell phone usage on stress physiology in nature. Poster Presentation at the 2024 Undergraduate Research Symposium.

Sherman, H.* & **McDonnell, A. S.** (April 2024). Why do we benefit from immersion in nature? Poster Presentation at the 2024 Undergraduate Research Symposium.

Scott, E. E., **McDonnell, A. S.**, LoTempio, S. B., Switser-Rae, C., Inghram, D., O'Neill, K., Strayer, D. L. (April 2024). Examining neurophysiological responses to environmental imagery. Poster presentation at the 2024 Rocky Mountain Psychological Association Convention in Denver, Colorado.

Scott, E. E., **McDonnell, A. S.**, LoTempio, S. B., Switser-Rae, C., Inghram, D., O'Neill, K., Strayer, D. L. (March 2024). Examining neurophysiological responses to environmental imagery. Poster presentation at the 2024 Eastern Psychological Association Conference in Philadelphia, Pennsylvania.

McDonnell, A. S. & Strayer, D. L. (November 2023). Immersion in nature enhances neural correlates of human attention. Poster presentation at the 2023 Society for Neuroscience in Washington, D.C.

McDonnell, A. S., LoTempio, S. B., Scott, E. E. & Strayer, D. L. (September 2023). Cognition in the wild: The influence of immersion in nature on the brain. Poster presentation at the 2023 Mental Health, Brain and Behavioral Science Research Day at the University of Utah. *Poster winner in the Medical Residents/Fellows category.*

Scott, E. E., **McDonnell, A. S.**, McNay, G. D., Strayer, D. L., & LoTempio, S. B. (September 2023). Examining changes in physiological stress during exposure to environmental imagery. Poster presentation at the 2023 SHIFT Conference in Bend, Oregon.

Storie, M.* & **McDonnell, A. S.** (August 2023). Influence of nature on effortful processing of emotionally charged stimuli. Poster Presentation at the 2023 Undergraduate Research Symposium.

Macfarlane, M.* & **McDonnell, A. S.** (February 2023). Effects of natural and urban imagery on error-related negativity. Poster presentation at the 2023 Utah Conference for Undergraduate Research in Salt Lake City, Utah.

Silcox, J., **McDonnell, A. S.**, Strayer, D. L., & Payne, B., (November 2022). Driving under the influence of misperception: The effects of speech perception and false hearing on driving performance. Poster presentation at the 2022 Psychonomic Society's 63rd Annual Meeting in Boston, Massachusetts.

McDonnell, A. S., Crabtree, K.W., DePry, C., Cooper, J., & Strayer, D.L. (September 2022). The influence of trust On driver cognitive states during automated driving. Poster presentation at the 2022 Society of Psychophysiological Research 62th Annual Meeting in Vancouver, British Columbia.

McDonnell, A. S., LoTempio, S.L., McNay, G.D., Scott, E.E., & Strayer, D.L. (September 2022). The influence of exposure to different dosages of nature on reward processing. Poster presentation at the 2022 Society of Psychophysiological Research 62th Annual Meeting in Vancouver, British Columbia.

Shannon, M.F.* & **McDonnell, A. S.** (August 2022). The cognitive effect of nature imagery on reward positivity. Poster Presentation at the 2022 Undergraduate Research Symposium.

Macfarlane, M.*, Quick, A.*, & **McDonnell, A. S.**, (August 2022). Effects of natural and urban imagery on error-related negativity. Poster Presentation at the 2022 Undergraduate Research Symposium.

- Schulz, C.*, **McDonnell, A. S.**, LoTemplo, S.B., & Strayer, D.L. (April 2022). Effect of nature vs. urban imagery on the reward positivity. Poster Presentation at the 2022 Undergraduate Research Symposium.
- Jeong, S. *, **McDonnell, A. S.**, Silcox, J., Strayer, D. L., & Payne, B. (April 2022). The effect of listening to degraded speech on driving performance. Poster Presentation at the 2022 Undergraduate Research Symposium.
- Bennett, K.*, Jeong, S.*, Silcox, J., **McDonnell, A. S.**, Payne, B., & Strayer, D. L. (April 2022). The effects of driving on false hearing and cognitive load. Poster Presentation at the 2022 Undergraduate Research Symposium.
- McDonnell, A. S.**, Crabtree, K. W., Cooper, J., Strayer, D. L. (September 2021). Neural indices of driver workload and engagement during partial vehicle automation. Poster presentation at the 2021 Society of Psychophysiological Research 61st Annual Meeting.
- Augustin, L.*, Hoffman, N.*, **McDonnell, A. S.**, LoTemplo, S. B., & Strayer, D. L. (August 2021). Assessment of Nature Imagery's Influence on Attention Restoration. Poster Presentation at the 2021 Undergraduate Research Symposium.
- McDonnell, A. S.**, LoTemplo, S.B., Scott, E.E., McNay, D. Greenberg, K., Castro, C.C., & Strayer, D.L. (October 2020). Nature modulates neurophysiological correlates of reward. Poster presentation at the 2020 Society of Psychophysiological Research 60th Annual Meeting.
- Lohani, M. Cooper, J.M., Erickson, G.G., Simmons, T.G., **McDonnell, A. S.**, Carriero, A.*, Crabtree, K.W.*, & Strayer, D.L. (October 2020). Application of heart rate variability to assess arousal in semi-automated vehicles. Poster presentation at the 2020 Society of Psychophysiological Research 60th Annual Meeting.
- Lohani, M., Cooper J.M., Erickson, G.G., Simmons, T.G., **McDonnell, A. S.**, Carriero, A.E.*, Crabtree, K.W.*, & Strayer, D.L. (October 2020). Driver arousal and workload under partial vehicle automation: A pilot study. Virtual presentation at the Human Factors and Ergonomics Society 64th Annual Meeting.
- McDonnell, A. S.**, LoTemplo, S.B., Scott, E.E., Castro, S.C., McNay, D. Greenberg, K., & Strayer, D.L. (October 2019). Reward Positivity as a Biomarker of Attention Restoration in Nature. Poster presentation at the 2019 SHIFT Conference in Jackson, Wyoming.
- Scott, E.E., **McDonnell, A.S**, LoTemplo, S.B., Castro, S.C., McNay, D. Greenberg, K., & Strayer, D.L. (October 2019). Prolonged Exposure to Nature Modulates Neural Biomarkers of Attention. Poster presentation at the 2019 SHIFT Conference in Jackson, Wyoming.
- LoTemplo, S.B., Scott, E.E., **McDonnell, A. S.**, Hopman, R.J., McKinney, T.L., Payne, B.R., & Strayer, D.L. (October 2019). Nature as a potential modulator of the error-related negativity. Poster presentation at the 2019 SHIFT Conference in Jackson, Wyoming.
- LoTemplo, S.B., Scott, E.E., **McDonnell, A. S.**, Hopman, R.J., McKinney, T.L., Payne, B.R., & Strayer, D.L. (November 2019). Nature as a potential modulator of the error-related negativity. Poster presentation at the 2019 Psychonomic Society 60th Annual Meeting in Montréal, Québec, Canada.
- Crabtree, K.W.*, Scott, E.E., Hopman, R.J., McKinney, T.L., **McDonnell, A. S.**, Strayer, D.L., & Uchino, B.N. (November 2019). Virtual environments' effects on working memory and mood: A pilot study. Poster presentation at the 2019 Psychonomic Society's 60th Annual Meeting in Montréal, Québec, Canada.

UNDERGRADUATE RESEARCH SUPERVISED

Lasko, C. (Fall 2024). Impact of cell phone use on stress recovery and attention restoration in nature. *Funded by the Undergraduate Research Opportunity Program (\$1,200) and presented at the Undergraduate Research Symposium.*

- Lang, W. (Summer 2024). Effect of cellphone usage on stress, heart rate, and heart rate variability in a nature environment. *Funded by the Undergraduate Research Opportunity Program (\$1,200) and presented at the Undergraduate Research Symposium.*
- Sherman, H. (Spring 2024). Effect of connectedness to nature and living environment on cognition and affect after exposure to nature. *Funded by the Undergraduate Research Opportunity Program (\$1,200), completed as part of an independent study in the undergraduate Computer Science major, and presented at the Undergraduate Research Symposium.*
- Storie, M. (Spring 2023 & Summer 2023). Influence of nature on effortful processing of emotionally charged stimuli. *Funded by the Undergraduate Research Opportunity Program (\$1,200), presented at the Undergraduate Research Symposium, completed as part of the undergraduate Human Factors Certificate Program, and published in the Undergraduate Research Journal (RANGE).*
- Richins, J. (Fall 2022 & Spring 2023). Effects of natural and urban imagery on the brain's reward processes. *Funded by the Undergraduate Research Opportunity Program (\$2,400).*
- Shannon, M.F. (Summer 2022). Influence of environmental imagery on neurophysiological correlates of attention. *Funded by the Odyssey Program for Undergraduate Research at Hendrix College (\$5,000) and presented at the Undergraduate Research Symposium.*
- Quick, A. (Summer 2022 & Fall 2022). Effects of natural and urban imagery on error-related negativity. *Funded by the Undergraduate Research Opportunity Program (\$2,400), completed as part of the undergraduate Human Factors Certificate Program, presented at the Undergraduate Research Symposium, and published in the Undergraduate Research Journal (RANGE).*
- Macfarlane, M. (Summer 2022 & Fall 2022). The influence of nature images on the neurophysiology of attention. *Funded by the Undergraduate Research Opportunity Program (\$2,400), presented at the Undergraduate Research Symposium, presented at the 2023 Utah Conference for Undergraduate Research, and published in the Undergraduate Research Journal (RANGE).*
- Schulz, C. (Spring 2022). Effects of natural and urban imagery on reward processing in the brain. *Funded by the Undergraduate Research Opportunity Program (\$1,200) and presented at the Undergraduate Research Symposium.*
- Jeong, S. (Spring 2022). The effect of listening to degraded speech on driving performance in a simulator. University of Utah. *Funded by the Undergraduate Research Opportunity Program (\$1,200) and presented at the Undergraduate Research Symposium.*
- Augustin, L. (Summer 2021). The effect of nature imagery on event-related brain potentials. University of Utah. *Funded by the Summer Program for Undergraduate Research (\$5,000), presented at the Undergraduate Research Symposium and published in the Undergraduate Research Journal (RANGE).*
- Hoffmann, N. (Summer 2021). The effect of nature imagery on event-related brain potentials. University of Utah. *Funded by Furman University Summer Internship Fellowship Program (\$5,000).*
- Morse, R. (Fall 2020 & Spring 2021). The relationship between self-reported motivation and the error-related negativity. University of Utah. *Funded by the Undergraduate Research Opportunity Program (\$2,400), presented at the Undergraduate Research Symposium and published in the Undergraduate Research Journal (RANGE).*
- Morse, R. (Summer 2020). Measuring cognitive control and response to reward using electroencephalography. University of Utah. *Funded by the Summer Program for Undergraduate Research (\$5,000).*
- Weaver, V. (Fall 2019). Effect of cell phone use on driving behavior. University of Utah. *Completed as part of the undergraduate Human Factors Certificate Program.*

VOLUNTEER AND OUTREACH

Community-driven Research – Lead Researcher , Open Circle, Ojai, CA	2023-Present
Community-driven Research – Lead Researcher , Tracy Aviary, Salt Lake City, UT	2022-Present
Outreach Presentation , Mt. View Elementary School, Salt Lake City, UT	March 2024
Instructor , OSHER Lifelong Learning Institute, Salt Lake City, UT	Spring 2024
Poster Session Judge , Utah Conference for Undergraduate Research, Salt Lake City, UT	February 2023
Instructor , Utah Prison Education Program - Utah State Prison, Salt Lake City, UT	2021-2022
Advisory Council , Emerging Leaders Program, Jackson, WY	2021-2022
Poster Session Judge , Undergraduate Research Symposium, Salt Lake City, UT	August 2021
Outreach Presentation , Mathematics, Engineering, and Science Achievement Program	March 2021
Outreach Presentation , Bright Futures, Park City, UT	February 2021
Volunteer , Girls in STEM, Salt Lake City, UT	February 2019

PROFESSIONAL SERVICE

Lead Guest Editor , Cognitive Research: Principles and Implications Special Issue: <i>Automation and Human Cognition</i>	2023-2024
--	-----------

Ad Hoc Reviewing

Computer Methods in Biomechanics and Biomedical Engineering, International Journal of Human-Computer Interaction, Cognitive Research: Principles and Implications, Frontiers in Psychology, Frontiers in Neuroergonomics, Human Factors, Journal of Environmental Psychology, Ecopsychology, Mental Health and Physical Activity

Departmental Service

Diversity Graduate School Application Advisory , University of Utah, Department of Psychology	2019-Present
Diversity Committee , University of Utah, Department of Psychology	2018-Present
Faculty Tenure Review Committee , University of Utah, Department of Psychology	2021-2022
Professional Issues & Ethics Committee Elected Representative , University of Utah	2020-2021
PsychoPy Research Group—Co-Founder University of Utah, Department of Psychology	2019-2020
International Assistants Program , Boston College	2014-2015
Arrupe International Program , Boston College	2013-2014
Appalachian Volunteers , Boston College	2011-2015

PROFESSIONAL MEMBERSHIPS

Nature and Health Alliance, Society for Neuroscience, Human Factors and Ergonomics Society, Society for Psychophysiological Research, Nature and Human Health - Utah, Open Science Framework

SKILLS

Electroencephalography (EEG), electrocardiography (ECG), virtual and augmented reality (V/AR), intracranial electroencephalography (iEEG), electrodermal activity (EDA), detection response tasks (DRT), BORIS naturalistic video coding, BioPac Systems (BioNomadix), BrainVision Systems (actiCHamp and LiveAmp), driving simulation technology, R, Python, PsychoPy, MATLAB, EEGLab, ERPLab, E-Prime, event-related potential analyses, frequency analyses, time-frequency techniques, multimethod on-road vehicle assessment, field-based physiological data collection.
